

ICONHIC2019

2nd International Conference on Natural Hazards & Infrastructure

23 - 26 June, 2019

We are delighted to launch ICONHIC2019; a major event that invites **Engineers, Financers, Policy Makers and Innovators** to join forces in order to set a robust and viable trace towards protecting our civil infrastructure from natural hazards.

Conference Themes

■ CROSS-CUTTING TOPICS

Hazard Prediction, Warning and Risk Management
Strengthening Tools & Mitigation Strategies
Remote sensing for natural disasters
Life-Cycle Management of Infrastructure Systems
Resilience of infrastructure networks

■ CLIMATE CHANGE & FLOODING

Urban Drainage Infrastructure and Performance
Natural & Engineered Defenses and Vulnerabilities
Storm Surges, Tsunamis and Sea Level Rise
Strong Winds, Storms, Hurricanes and Tropical Cyclones
Impact of Extreme Weather on Critical Infrastructure
Drought impacts on Infrastructure Service Delivery

■ EARTHQUAKES & LANDSLIDES

Aging Infrastructure and future Earthquakes
Seismic Design of Foundations
Ground Failure & Liquefaction
Seismic Isolation and Energy Dissipation Devices
Earthquake or Flood induced Landslides
Landslides Prevention and Mitigation
